International Bioenergy (Shanghai) Exhibition
and Asian Bioenergy Conference 2015

**National Pavilions, Delegation Visits
and Business Tours**

21 - 23 OCTOBER

Shanghai Everbright (Guangda)
Convention & Exhibition Center - CHINA

An event bringing you to the fast-growing Asian bioenergy markets

The International Bioenergy (Shanghai) Exhibition and Asian Bioenergy Conference 2015 is the new leading conference and exhibition in Asia, an invaluable and influential international platform to discuss the role of bioenergy in the Asian context. A knowledge exchange on the latest scientific and industry results, developments in policies, and deployment and business that will enable the move towards efficiency and sustainability in the bioenergy sector.

We offer you assistance with planning your:

National Pavilions

The concept and the benefits

- Showcase your regions' technologies and advancements
- Highlight investment opportunities within your region
- Base your delegations office onsite for the duration of the event
- Ideal venue from which to hold top-level talks and discussions with the events key players

Delegation Visits

Added value for your delegation

- Increase knowledge regarding innovations, latest technologies, international markets and political contexts
- Meet international bioenergy experts and key players
- Share experiences with professionals from science, industry, associations and politics
- Maintain your international contacts and establish new business links

Business Tours

A stakeholder and business delegation

- We support private companies, public institutions and decision makers in arranging meetings and onsite visits.

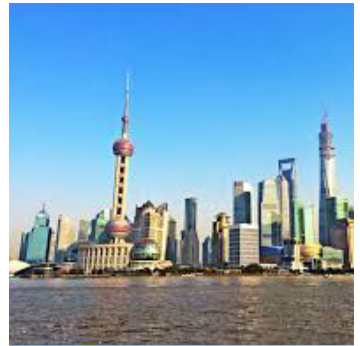

Join us in Shanghai!

Shanghai, the beautiful dynamic city of China is renowned for its enriched diverse cultures, histories, and commercial developments. Being the epitome of China's history for the recent 100 years, Shanghai is one of the five China's largest cities. Due to its geological advantage in central China and the well-preserved historical developments, Shanghai has become China's gateway to the world for foreign investments and international affairs, as well as been chosen to be the host city of World Expo 2010. Overall, Shanghai represents the fusion of traditional and modern China.

Venue

Shanghai Everbright (Guangda) Convention & Exhibition Center

Facilitated with hotel and office, trade and financial, recreation and entertainment, it applies a new concept to this building complex. It is located at the intersection of Xujiahui Commercial Center and Caohejing High-tech Development Zone, and conveniently situated with excellent transport links include the metro 1 service, light axle and the city ring road located right outside the main entrance.
